What Is the Joy of Service Workshop?

Started by Area 49, this workshop was created to inspire A.A. members to learn about and get involved in our General Service structure.

How It's Grown

Once led solely by the Area, it's now a collaborative effort hosted by local Counties — sharing experience and strengthening connections across the Fellowship.

Why It Matters

We aim to spark enthusiasm, encourage new volunteers, and invite members to grow through service—stretching beyond comfort zones into servant leadership.

hosted by Suffolk General Service and District 107
