

Motion regarding Office Manager Position:

Motion to amend Article VI of the Articles of Association and ByLaws of the South Eastern New York Area Committee Anonymous by removing the position of office manager as a standing committee chair and its voting status as well as removing the position description from the SENY Handbook.

Background:

In November 2023, the Assembly voted to discontinue the office space search and use storage units instead. This eliminated most Office Manager responsibilities. The position now only manages stored equipment and handles transportation to Assemblies and events. This change is included here for clarity; the updated Handbook will be presented to the body for approval at a later date.

The May 4, 2024 motion that restructured technology positions was silent on the Office Manager but clarified that the Technology Officer holds ultimate responsibility for Area technology and serves the Area.

Purpose:

This motion updates the Handbook and bylaws to reflect current responsibilities. The change also removes the need for a vote on this position and helps ensure groups have more votes than Area Committee members.
